

"A Golf Club for Golfers"

Hickory Hills Golf Club, established in 1979, is a private golf club located in Grove City, a suburb of Columbus, Ohio. It is a privately owned Golf Club with a distinguished membership of local professional, business and government leaders.

This Jack Kidwell designed masterpiece and its splendid natural beauty can easily be compared with the best in central Ohio. The golf course was carved out of 181 acres of magnificent, aged woodland and open meadows. It has several meandering streams, five lakes, rolling terrain and located just minutes from downtown and west Columbus.

The property has beautiful mature trees and was only cleared to put in greens, fairways, and tees. Wildlife preserves were included so that the existing wildlife would stay and enhance the golf experience. The property is adjacent to metropolitan park property and there is no housing or condominiums associated with the course. We have a quiet surrounding with rolling hills, winding streams and wildlife. What better place to play a relaxing round of golf.

We invite you to experience a golfer's heaven and confirm for yourself this unique private golf club experience. Hickory Hills had redesigned its membership opportunities for 2011 and now we have made it easier than ever to become a member.

Become a member of Hickory Hills Golf Club and you can experience the best in golf!
